

# Proposal

The Cessnock Kurri Greens disagree with the action of the 3 Greens MPs, Cate Faehrmann, Jan Barham and Jeremy Buckingham supporting a private members motion regarding the BDS in the NSW Parliament.

The statement by the 3 MPs supporting their position subsequent to their action is misleading and incorrect.

This is the second time a NSW Greens MP has acted outside party policy and procedure. It is fundamental that NSW Greens MPs follow NSW Greens policy and procedure as established by the SDC

Green MPs must act to support the charter, constitution, policy and position of the NSW Greens.

The SDC must take action to direct our MPs to follow party policy and position.

MPs who do not support the position and policy of the SDC, thus being in violation of the NSW Greens Constitution Sect 12.1, will be asked to resign their seat in Parliament to be replaced by Greens candidates who are willing to follow Greens policy, position and procedure.
